

Product: HD Defender Door Strap Replacements

Disclaimer: N/A

Instructions:

- Remove the two bolts that hold the stock door straps on.
- OEM Half Doors
 - Place the strap on the inside of the roll cage where the stock strap was removed. Place the Washer on the bolt then the bolt through the strap and then bolt into location.

Thank you for your purchase.

For a list of more products we offer please visit marqcadeng.com or message us on facebook at marqCAD Engineering if you don't see what you are looking for on the website.

- Place the strap loop on the bottom side of the door bracket where the stock strap was removed. Attach the same way as the other end with hardware and use the OEM nut to secure in place.
- Snub up the bolts and orientate the loop as shown. Once orientated tighten down the bolts.

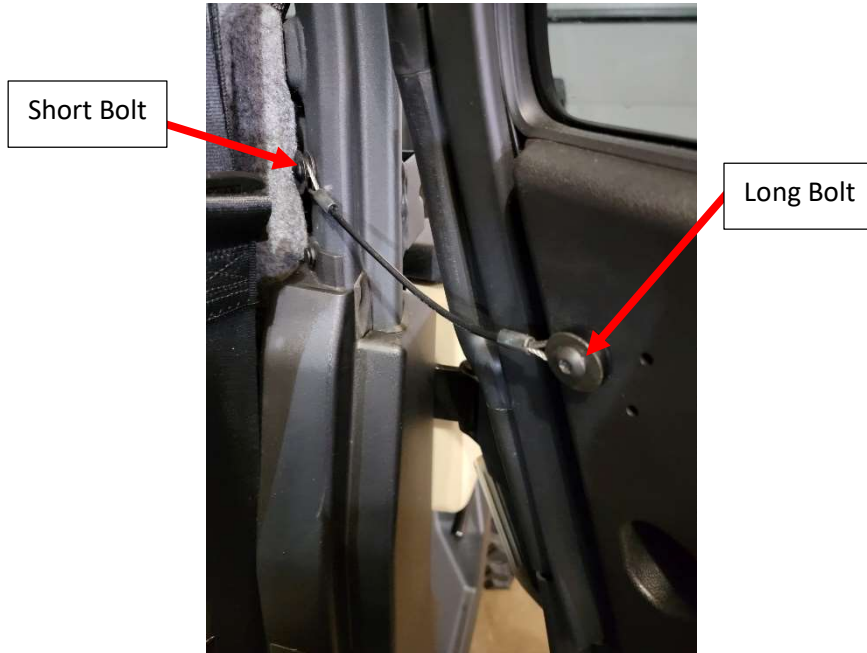

- OEM Full Doors-2016 to 2022.5
 - Remove the OEM hardware and strap. Reinstall the HD strap using the supplied bolts and OEM Washers in the same stock locations. Below picture outlines the locations at the top of the doors.

Thank you for your purchase.
