

Product: Linq Mount – Flag/Light Whip Mounts

Disclaimer: N/A

Instructions:

- Install the top part of the mounts into the Linq system hole. In some cases it is a tight fit and may need to be hit in with your hand or a rubber mallet. If you remove this part DO NOT pry on the top flange, push it out of the hold from the bottom.

Thank you for your purchase.

For a list of more products we offer please visit [marqcadeng.com](http://marqcadeng.com) or message us on facebook at marqCAD Engineering if you don't see what you are looking for on the website.

- Insert your accessory using the bottom part of the mount. This can be trimmed if needed for clearance.

Thank you for your purchase.
